

North U 2015 Seminars

You may be fast, but to win you need...

TACTICS

Improving your tactical skills will take you from being fast enough to win to being a winner. In one winter day, North U Tactics Seminars will teach you how. Our seminar leaders are champion sailors who use a unique case study method to teach tactical skills you can apply on the race course. *PLUS*, every attendee will also receive a Tactics Seminar disc or flash drive.
